

REMARKS

In response to the Restriction Requirement dated June 27, 2006, applicant hereby provisionally elects Species IV without traverse. Applicant notes that the Examiner amended claims 100, 101, and 140 in the Restriction Requirement to correct obvious numbering errors, and Applicant now amends current claim 110 to the same effect. Applicant further notes that claim 129 was part of Species IV and was dependent on claim 123, which was part of Species V. Applicant has withdrawn claim 129 and rewritten it in independent form as claim 151. Applicant has also added claims 149 and 150, which depend from claim 93 and are part of Species IV. Claims 149 and 150 are supported by the specification and do not add new matter. Thus, claims 93-122 and 149-151 are pending in this application after entry of this amendment.

Respectfully submitted,

**Date: December 22, 2006**
